

HERE TO START ON THE SEWAGE PLANT

Supervising Engineer Smith
Thinks Washington Park
Site the Best.

"Work on the sewage and garbage disposal plants will probably be commenced this week," said F. P. Smith, supervising engineer of Portland, Oregon, Monday morning. "As to the new location of the disposal plant near Washington Park," he continued, "I think it is much better than the old site and the only delay will be in changing the plans."

Mr. Smith arrived in El Paso Monday morning and at once held a conference with mayor Kelly and members of the council. He said that but very few changes would have to be made in the plans, and that as far as he is concerned, work may be started within a few days.

Acting on that statement, Sorenson & Morgan and W. E. Anderson, whose bids for the construction work were accepted, have begun assembling their working outfit and will be prepared to begin work on a few hours' notice.

BISHOP EXPLAINS DUTIES OF PASTOR

Rev. R. C. Ortega Is Admitted to Full Connection by Mexican Conference.

The Mexican Methodist conference convened at 9 a. m. with bishop Mounson presiding. The routine business was taken up, consisting of the reading of reports.

Rev. R. C. Ortega was admitted into full connection in the conference. Pending his admission bishop Mounson delivered a forceful address on the character and conduct of a Methodist preacher, insisting on a strict observance of the Sabbath day, systematic daily study and continual pastoral visiting. The morning session in pastoral work he said.

During the afternoon session, it was voted to hold an afternoon session, and the conference adjourned to meet at 2:30 p. m.

ELEPHANT BUTTE POWER BILL PASSES CONGRESS

Washington, D. C., Feb. 20.—The house today passed the bill allowing a
50 year lease of water power under the Rio Grande project. This bill passed
the senate Saturday and now goes to the president.

MRS. ORNER'S CHILD DIES SUDDENLY

Husband Died From Under-
termined Cause Last July.
Examination Failed.

Lillie Cordova Orner, 11-year-old daughter of Mrs. Agnes Orner, died very suddenly at the home of her mother, 608 North Ochoa street, shortly before 7 o'clock Saturday night. The cause of death was not determined and coroner E. B. McClintock declined at first to issue a death certificate, though a burial permit was later obtained and the child was buried Monday afternoon.

On July 27, after an illness lasting but six hours, the child's father, Alfred F. Orner, a Pullman conductor, died very suddenly and the records have never shown the cause of death. Her stomach was taken to the office of the city bacteriologist for analysis, but the cause of death could not be determined.

On August 9, Mrs. Agnes Orner was arrested on a charge of larceny. Three days later she was given a trial before a jury in the probate court and, after reciting a poem of her own composition, was acquitted.

Harris Fley, the father of M. E. Fley, chief inspector of the Electric Street Railway company, died recently of the El Paso street car man was 55 years old and a prominent Scottish Rite Mason of Ohio.

MRS. JOHN C. WILSON.
Mrs. Effie Helen Wilson, wife of John C. Wilson, manager of the Askin & Marine store on El Paso street, died Sunday at her home, 314 South Virginia. She was 38 years old at the time of her death. The funeral will be held Tuesday afternoon at 2 o'clock, interment in Evergreen cemetery.

MRS. HELEN E. WILSON.
Mrs. Helen E. Wilson, aged 38 years, died at her home, 314 South Virginia street, Saturday evening, after a short illness. She had resided in El Paso about one year. The funeral will be held Tuesday afternoon and interment will be made in Evergreen cemetery.

HOUSE DEVOTES THE DAY TO A. & M. BILL

Williams's State Board of
Irrigation Bill Is In-
troduced.

Austin, Tex., Feb. 20.—Another morning was taken up today in the house considering the A. & M. university special tax bill, making 14 legislative hours spent on it over a period of three days. The result is still in doubt, with odds slightly for the tax. The voting is expected to be unusually close. The tax bill will be considered further this afternoon and probably will be determined. A bill was introduced in the house this morning by Williams, of Dallas, and others providing for the creation of a state board of irrigation. A bill was also introduced by Williams, of Dallas, to give cities of over 20,000 population power to regulate all places of amusement. Another congressional bill was introduced by Goodner and Coffey.

Adjournment To Be March 11.
Senators Coffey and Vandehey introduced in the senate today a sine die adjournment resolution for March 11, which has gone to the committee and will be adopted. The senate went on record for a three night session a week and the pros and cons wrangled over taking up bills and the pros substituted the Lightfoot \$25,000 appropriation bill whenever an anti tried to take up the measure, and failing to get a suspension of the rule after it was substituted.

The senate consumed the remainder of the morning session considering a bill providing for representation of both sides at polls upon constitutional amendment election on state wide prohibition.

Senator Terrell, of McClelland, today introduced a bill in the senate for the sale of the state railroad, and if not sold in six months that it shall be leased.

Editorial

Some men are afraid of success and when it comes and takes them by the hand they draw back in a kind of panic and cannot, of their own free will, be induced to lay their fingers on the treasure before them.

And some men, as Mark Hanna once remarked, wouldn't know a good business proposition if they saw it on the street corner.

Then, again, some men lose by believing too much, while countless thousands never know success by believing too little.

The open minded man of judgment and action is the man who knows success.

Success in life is measured by a man's investments.

Now is the favorable time to invest in El Paso real estate. El Paso real estate is, in some respects, a more staple investment than gold, because the production of gold fluctuates.

Gold has decreased in value nearly 40 percent in the last 15 years, while all the time El Paso real estate has consistently increased in value and will continue to increase so long as population increases.

Splendid opportunities are everywhere in El Paso, and he who sees them not is blind; he who sees them and passes them by is missing the chance of his life.

Invest now and invest in the greatest real estate gold mine on the American continent—EL PASO.

Common Sense HOME TALK

A home is something we all must have; we must either rent or buy one. We want to talk now to the man who rents but is ambitious to buy. You can take possession of one or two lots in

GOVERNMENT

HILL

By paying only \$10 or \$20, and pay the balance just like you pay your rent now, \$5 or \$10 a month. The difference is that the rent applies on the purchase price of the lots. You are buying your own home instead of buying property for the landlord.

We do not need any argument to bolster the truth about GOVERNMENT HILL.

It has the location which will make it the PRETTIEST HOME SECTION of El Paso. GOVERNMENT HILL has city water. GOVERNMENT HILL has good electric street car service.

GOVERNMENT HILL has many of our best and most influential citizens living there.

GOVERNMENT HILL is building up rapidly.

GOVERNMENT HILL overlooks the entire city and valley.

FORGERY CHARGES AGAINST A WOMAN

A woman giving her name as Beth Allen was arrested Sunday by city detectives, who have preferred a charge of forgery against her. She is alleged to have passed seven checks for \$10 each, securing part of the amount in money, and paying the balance for room rent or merchandise.

B. Rodriguez has been transferred to the county jail from the police station, on a charge of assault to murder. Joaquin Morales, who was severely slashed in a Sunday night cutting affray, is the prosecuting witness. Morales is under arrest at the police station on a charge of fighting.

Carrie Williams, who was fined \$50 in police court Saturday afternoon on a charge of vagrancy, and given a 30-day respite to leave El Paso, departed for the west Monday morning.
